THE SOLUTION YOU'VE BEEN LOOKING FOR

SOLUTION

For over three years, Idaho Central Credit Union has partnered with North American Recovery. A total of 2,958 accounts have been assigned. Of those, 316 accounts, totaling \$530,543, have already been paid in full. Another 190 accounts, totaling \$358,200, will either be paid in full through a monthly payment plan or have been identified as accounts that will be collected using our legal collection process.

This means \$888,743 of the original \$3,620,165 will eventually be collected!! This results in a recovery rate of 24.55% - more than triple the industry average of 7%. Incredible!!!

"It's one thing to get the piece of paper that says you have a judgment, but it's impressive that you are able to execute on the judgment and collect on it!!"

- Brandon Tighe

"When we have people we can't find, we know we can send them to NAR because NAR will find them and collect the accounts."
